

Flexible Spending Account

Open a WageWorks Flexible Spending Account (FSA) and watch your savings grow.

Save up to 40% on everyday expenses.

Open a WageWorks Flexible Spending Account (FSA) during open enrollment and good things happen. You have money ready for eligible expenses not covered by your insurance, saving you up to 40%.

How FSAs work.

You can sign up for an FSA during open enrollment. Each paycheck, you set aside some of your pay, before taxes, to use for eligible expenses. This is how you save money: \$100 put into your FSA is \$100 to spend on eligible expenses. Without an FSA, you pay taxes, leaving up to \$80 to pay for the same eligible expenses.

Use the take care® Card.

Use your **take care®** Card instead of cash or credit at health care providers and pharmacies for eligible services, goods and prescriptions. Typical expenses include co-pays for doctor visits and prescriptions, dental and orthodontia expenses, vision care, prescribed over-the-counter (OTC) drugs and medications and non-drug OTC items and devices.

Using your FSA is easy.

When you elect a health care FSA, your account is funded with the full amount you've chosen at the beginning of the year. As soon as that happens, it's ready to use for eligible expenses. Throughout the year, you "pay your account back" with pre-tax contributions from your paycheck. Accessing your account is easy:

- ▶ **take care® Card.** Use it instead of cash at health care providers and wherever accepted for health-related services and health expenses.
- ▶ **Pay Me Back.** File a claim online, by fax or mail for reimbursement.
- ▶ **On the Go.** Use our mobile website to view your account information.

You can also choose a WageWorks Dependent Care FSA to help with the cost of care for eligible children or aging parents while you are at work. A dependent care FSA works a lot like a health care FSA, but your account is funded each payroll period, so funds are available as contributions are taken from your paycheck.

Awesome.

That's exactly what I need.

Estimate your savings.

How much you save depends on how much you spend on health and dependent care, and on your tax situation. For every \$100 of eligible expenses, you could save up to \$40 in taxes. To estimate your expenses and see for yourself how your savings can add up, use the savings calculator at:

Notes:

* Tax savings amounts are examples provided for illustrative purposes only. They are based on federal, state, and FICA (Social Security) taxes that you do not have to pay through payroll deductions on amounts used to fund your account. Your actual savings may vary depending on your marginal income tax rate, whether you pay state income taxes, and other factors. Some states do not recognize tax exclusions for FSA contributions.

Pay for hundreds of expenses – tax-free!

You can use your FSA to save on hundreds of products and services for you and your family. Eligible expenses are defined by the IRS and your employer. Typically, your health care FSA covers:

- ▶ **Prescriptions** for almost any medical condition
- ▶ **Prescribed over-the-counter¹** health care products like allergy medicine, antacid, antibiotics, aspirin...
- ▶ **Co-payments** and deductibles
- ▶ **Dental care**, both preventive and restorative
- ▶ **Orthodontia**, child and adult
- ▶ **Vision care**, including eyeglasses, contact lenses, and saline solution
- ▶ **Eye surgery**, including laser vision correction
- ▶ **Physical therapy**, counseling and psychology
- ▶ **Chiropractic care, acupuncture**, and some other alternative treatments

Pay for dependents, too!

Your dependent care FSA covers these types of expenses for your eligible dependents while you work:

- ▶ **Babysitting** or au pair services
- ▶ **Before- and after-school** programs
- ▶ **Day care and nursery schools**
- ▶ **Pre-school** programs
- ▶ **Elder care** services
