About the 403(b) Tax-Deferred Retirement Plan

A 403(b) plan is a retirement savings plan designed for employees of public schools and tax-exempt organizations. A 403(b) plan allows eligible employees to supplement any existing retirement and pension benefits by saving and investing before-tax dollars through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn.

Eligibility Requirements

Upon hire, and if in an eligible position, you will be automatically enrolled for basic contributions.

If you are an employee of a U.S. Seventh-day Adventist Church North American Division, or if you are an interdivision missionary from the United States sent by the General Conference of Seventh-day Adventists, you are eligible to make contributions to the Plan.

Student employees working for Adventist educational institutions are not eligible to participate in the Plan.

Enrollment

Eligible employees are automatically enrolled in the Plan for basic employer contributions. In addition, you will be automatically enrolled in the plan at a 3% employee contribution rate. Your employee contribution rate will increase 1% annually each July until you reach 7%. Your employer and employee contributions will be automatically invested in the plan's default investment option(s), unless you make a different election. You can adjust your employee contribution percentage or change your investment election at any time at empowermyarp.com or by calling Empower Retirement at (866) 467-7756.

Loans

Your Plan allows you to borrow the lesser of \$50,000 or 50% of your total vested account balance. The minimum loan amount is \$1,000, and you have up to five years to repay your loan - up to 15 years if the money is used to purchase your primary residence. Plan Fees

Administrative Fees:

An annual fee of \$110 will be deducted from your account (\$27.50 quarterly) for plan administration expenses. These fees cover the cost of administering and servicing the plan, which could include recordkeeping, advisory, and trustee/custodial services. These fees will be labeled "Plan Administration Fees" on your account statement under Period-to-Date Activity. The fee will be assessed approximately 15 days before the end of each quarter

Investment Option Fees:

Each investment option has its own operating expenses. These fees are deducted by each investment option's management company before the daily price or performance is calculated. Fees pay for trading of securities within the investment options and other management expenses.

Funds may impose redemption fees and/or transfer restrictions if assets are held for less than the published holding period. Asset allocation funds are generally subject to a fund operating expense at the fund level as well as the prorated fund operating expenses of each underlying fund in which they invest. For more information, please refer to the fund prospectus and/or disclosure document. Funds are subject to the risks of the underlying funds.

There may be a recordkeeping or administrative fee for investing in certain investment options. There are additional quarterly fees and/or transaction fees to participate in the SDB option.

Please contact your Empower Retirement representative for more information about any potential investment option or SDB fees.
